SUB Presents...

CoffeeHouse

Series

This year's Coffeehouse Series kicked off with Five Times August and brought in great musical talents such as Wil Deynes, The Silent Partner, Cheryl B. Engelhardt, Jared Mahone, and Chinua Hawk.

With Diversity Arts Committee Presents...

Pie & Poetry

This year's events brought in artists such as poets Andrea Gibson (directly above) and George Watsky (middle left).

Audiences filled to the area and only crumbs were left of the delicious pies from Rolla's own Slice of Pie; provided for free by SUB Performing & Diversity Arts Committee.

ABS Presents...

Open Mic Night

The Association of Black Students hosted Open Mic Nights to allow students to showcase their talents; such as reciting poetry, singing or playing songs, comedy, or dancing.

Black & Gold Ball and Neophyte Stepshow

The gentlemen of Alpha Phi Alpha Fraternity, Inc hosted their annual Black & Gold Ball.

Six beautiful ladies participated in this year's event. Each had their own talents, which included doing magic, comedy, baking, painting, singing, and swing dancing.

Daniel Edwards (below) was the MC of the event and kept the audience laughing. The men of the fraternity also stepped during the show for guest entertainment.

In the end, Vicki McKinney (direct left) won the title of Miss Black & Gold. She sang a lovely song written by herself and looked stunning in her ball gown.

(Below) Mayela Roa-Correla displaying her cooking talent with event king, Akil Hutchins.

(Far Below) Daniel Edwards leading into the next competition after the girls performed a dance.

Freaker's Ball

KMNR 89.7 hosted the 2010's Freaker's Ball at the Rolla Moose Lodge. The concert was free. Local band FISHMissle will be played, as well as VolHolla and We Landed on the Moon. Prizes for the best costumes were awarded.

The night was one to remember as the wide variety of costumes shocked and amazed those in attendance. Costumes ranged from corpses to cigarettes and characters such as Gumby and Waldo.

(Below Middle) Two members of the band FISHMissle performing with their trumpets.

(Below) Jenny Page introducing the next band to perform.
(Below Middle) Guests entering the Freaker's Ball dressed in their costumes and mingling with friends.

Chocolate Lounge

In Celebration of Women's History Month 2011, students and faculty were invited to attend "The Chocolate Lounge" for an evening of fun and inspiration. They sampled fine chocolate and sipped hot chocolate or coffee while nominees and winners of the 2011 Inspirational Woman Awards were honored. Organizers say the event is intended "to create the perfect experience, a place to saturate the senses with pure, intense, decadent chocolate, and warm conversation with others."

Dinner to Jazz

The Association of Black Students (ABS) hosted their annual Dinner to Jazz in the spring. Guests enjoyed an evening of great food, wonderful music, and networking with the ABS executive board as well as with Missouri S&T alumni members.

High school students of the NSBE's Pre-College Initiative also attended Dinner to Jazz as part of the final event of their weekend long visit to the Missouri S&T campus.

5TH ANNUAL DANCE XXXPLOSION

The gentlemen of Alpha Phi Alpha Fraternity, Inc. held their annual Dance Xxxplosion which brought in schools from throughout Missouri. School The host was Mike Smith, a comedian, and the guest performer was Cameron. The winning school was Essence of Hip Hop from Missouri State University (Left).

Guests and performers gathered at the "Moose's Lodge" for more dancing and festivities.
(Below and Far Left)

Haunted Mine

During the Fall season, students and faculty hosted their annual Haunted Mine event. Visitors went beneath the earth and traveled through the labyrinth, torture chambers. Bubbles the Clown, and more. Non-perishable food items were also accepted and were donated to charity.

Looking at the photos below, one can see how terrifying it was this year. The students were detailed in their setup and makeup and it really showed as guests ran screaming.

Humans VS Zombies

It has become an annual event where zombies sweep over the campus, forcing humans to unite together to survive the overtaking.

There was a Zombie Apocalypse in both the Fall and Spring semester. This event always fills the campus with the most awesome type of craziness as the students really get into it. Although from the outside looking in HVZ appears it is about how to react in the event of zombies attacking, it is actually just a game. An epic game of epidemic proportions, an award winning game, but a game nonetheless.

(Above) Zach and Nic leading the way to safety for the humans.

Thanks to Lukas Müller and Doug McGeeghan for providing these epic photographs.

Nerf Wars

Students were given the opportunity to conquer the IDE building with their Nerf skills. The Industrial Designers Society of America (IDSA) hosted the Nerf Wars Tournament.

(Above) IDSA provided Nerf Guns.

Students came prepared for battle as several of them carried multiple weapons.

(Above) Two students sizing up their targets entry point to prepare an ambush.

Celebrating a "Miner Victory"

The Miners finished the year with a 3-8 record and an impressive 2-0 conference record. Probably the most impressive win of the season was a 38-35 victory over Kentucky Wesleyan in overtime. Chad Shockley was named an ESPN Academic All-American First Team and six other Miners were named to the GLFC's all-league team this season.

Men's Soccer

What an amazing year for the men's soccer team! For the first time in school history, the team made it to the NCAA Division II Tournament. They entered the tournament with a record of 10-5-3 and ranked 16th in the Division. The Miner's won the opening match of the tournament with a 3-1 win over Ashland but fell to Northern KY 2-3. Closing out the season, the men were ranked 13th in the Division by NSCAA and received the GLVC Sportsmanship Award. Two final honors were given to the Miners as goalkeeper Pat McNamee was named to second team All-American and head coach Joe Ahearn was named as the Midwest Region's "Coach of the Year."

Joining the men in writing school history, the Lady Miners soccer team made it to the postseason for the first time. They closed out their season after falling to Quincy in the GLVC tournament with a winning record of 8-7. An impressive 6 out the 8 wins were shutouts. Senior Joanna Kovarik was named to the ESPN 2010 College Division All District 7 First Team as well as the All-GLVC Women's Soccer Team. This season also proved to be the end of a 10 year losing streak against the Rockhurst Hawks as the Lady Miners defeated them at home with a final score of 1-0.

Volleyball

Continuing the Miner streak of record setting seasons, the Lady Miner Volleyball team ended the season with a winning record for the first time in school franchise history. They ended the season with a 14-13, 9-3 at home. Lady Miner Senior middle hitter Samantha Klump was named to the All-GLVC Volleyball second team continuing the streak of an S&T volleyball player being named to the team. Jennifer Costello was also named to the 2010 ESPN the Magazine College Division All-District 7 Second Team.

Basketball

(Below) Bryce Foster wins the tip-off for the Miners

The men's basketball team closed the season out with a 7-18 record in nail biting fashion. With just 5 seconds left in regulation of their final game, Bryce Foster sinks a three to tie the game up and send it into overtime. Foster was also named to the Capital One All-Academic Third Team this season and averaged 14.6 ppg.

This season marked head coach Jim Glash's second season as the Miner's Head Coach and they fell just short of making it to the Great Lake Valley Conference (GLVC) Tournament, which would have been only the second time in school history.

Women's Basketball

Finishing the season with a record of 20-8, the Lady Miners advanced to the NCAA tournament for only the third time in school history. This was also only the third season that the Lady's had at least 20 wins in a single season.

Leading the team this year was Julie Meyer and Hailee Parks, both of whom were named to the All-GLVC Third team. They averaged 11 and 11.2 ppg respectively. The Lady's also set a school record setting winning streak this season of 11 straight wins.

The Miner's Baseball team finished off a winning season with a 29-17 record, 11-3 at home. They ended the season with an impressive 10 game winning streak that carried into the Great Lakes Valley Conference Tournament. The Miners entered the tournament holding the GLVC West Division title. This was the team's first appearance in the tournament in 14 seasons.

Just prior to the tournament, two Miners were named to the All-GLVC first and third teams. Pitcher Zack Gronek was named to the first team while catcher Josh Caffrey was named to the third team. Pitcher Alex Dunn was also named to the Capital One Academic All District team and in his career with the Miners has racked up a total of 61 appearances as pitcher, the third most by any Miner in history.

Softball

At the close of their season, the Lady Miner Softball team was pleased to have four team members get recognized for their achievements both on and off the field. Kaylea Smith, Kristen Drage and Kassi Deibert earned third team All-GLVC honors while Kate Runyan was named to the Capital One Academic All-District third team. The Ladies finished the season on a high note with a 1-0 shut-out against Maryville University. This brought their record to 13-29 with a 9-7 record at home.

Swimming

The Miners finished out their swimming season by placing ninth at the NCAA Division II National Tournament. In a classic going out with style and fashion, Missouri S&T swimmer Zlatan Hamzic's final race as a Miner resulted in a third place finish in the 200-yard breaststroke. His finish was the highest placement at the tournament by a Miner.

Another highlight at the tournament was the breaking of the school record in the 400 meter medley relay. Sean Deegan, Zlatan Hamzic, Andrew Schranck and Jacob Dole broke the old school record of 3:17:86 with their time of 3:17:48. Earlier in the year, the men won the New South Intercollegiate Swimming Championships (NSISC) for the fifth straight year. They dominated the events and won with an almost 100 point lead over the second place university. During this season, the men also gave back to the community by offering free swimming lessons to some lucky kids four years and older.

Track & Field

Finishing the year out at the Great Lakes Valley Conference Championship meet, Lady Miner Aubrey Moore and Taylor Cipicchio both won their events with first place finishes in the 400m dash and the pole vault, respectively.

As for the guys, Adriel Hawkins in the 100m dash, Bryan Kluge in the 800m, and Elijah Thomas in the long jump also finished with a first place win. This allowed the Miners to take third place overall in the meet which was held at home.

Other noteworthy performances from the men include McClellan's 10,000m win, 11 top 10 finishes at the LSU relays, and a new school record in the 4x100m relay. As for the ladies, they stole eight top three performances at the Allgood Invitational, had an all-Midwest region squad member, and several scholar-athlete team members as well as GLVC athlete of the week.

Cross

Country

The Miner's cross country season started off on a high note with a women's third place finish and an individual second place finish for the men at the Southwest Baptist Twilight Invitational. The ladies continued on to finish seventh and eighth at other meets while the men took home the top prize at the Emporia State/Planet Sub Invitational. Both men and women's teams were awarded team academic awards and Miner David Huskisson was selected to the United States Track & Field and Cross Country Coaches Association's all-academic team for the 2010 season.

EVENTS

"One of the extraordinary things about human events is that the unthinkable becomes thinkable"

-Salman Rushdie

For the fall of 2010, over 1,100 freshmen have enrolled into Missouri S&T, cumulating in a total enrollment of about 7,000 students this year. This has been the largest enrollment in a long time, even with a freshman cap put in place.

The freshmen started their school year by gathering in groups and creating a little RC vehicle that would perform tasks in a race-type competition.

The following week would have host to Minerama, an event where student organizations would solicit freshmen, as well as established students. Activities are set up for the sake of recreation and settling-in as well.

Opening Week & Minerama

The annual Remmer Special Artist/Lecturer Series is a program where well-known people visit the school to talk about various subjects. Past lecturers have included Henry Kissinger, Margret Thatcher, and Colin Powell. For the 30th installment of the series, journalists David Brooks and Mark Shields came to campus. Brooks is a columnist for the New York Times, as well as a commenter for PBS and NPR. Shields is a commentator on PBS and CNN, as well as a former presidential journalist.

The journalists came to speak about current events in this nation, namely in the political and economic scene. Of immediate concern was the fact that the deficit was so bad that, unless an agreement could be made about the amount of spending that would be cut, a government shutdown would be on the horizon.

On the subject of general American culture, they made their points about what was going wrong about the country. Brooks commented that, in these days, Americans have a habit of inflating their accomplishments to the point of hubris, as well as under-emphasizing the predicament of generations after them. Shields mentions that the fact that the draft was abolished took a lot of responsibility off the shoulders of younger people.

The journalists closed by evaluating President Obama.

(Above) Mark Shields

(Above) David Brooks with Dr. Larry Cragg moderating.

Before the lecture, there was an informal get-together with the organizers, chancellor, and media where the two journalists can directly answer off-the-cuff questions as well as ask questions about the campus/student body.

Brooks & Shields Lecture and Veterans Day

On November 11, the university and community observed Veterans Day in honor of the hard work and sacrifice of those who have served the United States of America. The Air Force ROTC and Army ROTC was in attendance to post the colors as well as to help the service run smoothly. The service itself was held on what was to be a memorial garden that was in the process of being built.

The keynote speaker was General David Petraeus, the then commander of Central Command. Afterwards, he had an informal Q&A with the media in which he talked about, among other things, the role of our generation in combat and foreign policy.

The 2010 Homecoming festivities consisted of just more than a home football game and the selection of the king and queen. That time was taken to dedicate and open the new Miner Dome, the main indoor practice facility for the sports teams. The previous Miner Dome was across 10th street from the multipurpose facility and was converted to what is now the new Student Design Center. The dedication was presided not only by Chancellor Carney and Athletics director Mullen, but by the city and notable alumni. During halftime, the king and queen were announced, along with recognition towards past teams. Prior to Homecoming Day, there were festivities for alumni and students including a pep rally, banquets, and a showcase of the student design teams.

Besides vending out food and information, many student took the opportunity to get elaborate with their setting such as bringing over an authentic Arabian tent.

Both the booths and performances took place in downtown Rolla, between 8th and 10th St. and just to the east of Pine.

International idol was a contest that served as a form of entertainment and cultural exposition.

Celebration of Nations

October of 2010 saw the birth of the Celebration of Nations. This event was created as a way to not only educate about different cultures around the world, but to create a bridge between the university and community.

The event started off with a parade consisting of national flags being carried by representatives of each nation, along with cultural themes. The bulk of the festival was an area consisting of booths and exhibits containing food, crafts, and information about other countries. Alongside the booth were performances to entertain visitors.

Besides the flags, the parade contained other cultural items such as a Chinese dragon and an Indian wedding simulation with groom on horseback and bride carried in a litter. The St. Pats wagon even made an early debut.

The fall of 2010 was notable for being the 2010 mid-term elections.

Rolla played host to a debate among House candidates for the 8th Congressional District of Missouri.

Candidates were (from left to right in photo below) Independent Larry Bill, Republican incumbent Jo Ann Emerson, Libertarian Rick Vandeven, and Democrat Tommy Sowers.

They were asked questions dealing with local issues such as jobs, national issues such as immigration, and international issues such as the occupation of Afghanistan.

Emerson would go on to win the general election in November.

The debate was opened by ASUM S&T Chapter Chairman, Andrew Meyer. The Associated Students of the University of Missouri is a student lobbying group for the UM system. The debate was moderated by Dr. Larry Gragg.

Sowers, a Rolla native, later appeared on KMNR to answer questions posed by students (Right).

December graced us with the arrival of actor and musician, Jeff Daniels. Daniels brought not only musical talent to Rolla, but a healthy dose of sarcastic humor. Many times dealing with subjects we approach to a day-today basis, reinforced with his guitar playing.

Of note was his partner, Brad Phillips, who supplemented some of Daniels songs with instrumentals. Playing the mandolin and fiddle, Phillips almost stole the show with his skill, especially when he adapted to a string breaking on his fiddle.

Congressional Debate & Jeff Daniels Visit

Early into the show, there were technical difficulties dealing with the microphone, necessitating several interrupting visits by a technician. Suffice to say, it became snark bait for Daniels.

Daniels (left) and Phillips (left)..

Snowpocalypse

In the opening of February 2011, a combination of sleet, freezing rain, and snow (lots and lots of snow) slammed into Rolla along with the rest of the Midwest. This, combined with temperatures that plummeted to the single digits, forced schools and businesses to close for long periods of time. For 2 days, school would be out.

Naturally, many people took advantage of that with activities ranging from indoor gaming to outdoor sledding.

Even with the reopening of school, treks to and through campus were something that would be considered challenging to say the least.

Students Protests against violence in Libya

In response to the recent issues and violence that have arisen in Libya coupled with Missouri S&T's high Middle Eastern student population, students made themselves heard about the issue. They spread awareness to the student body by standing in front of the Havener Center and passing out information while hold their flags and signs. They continued for several days and truly exhibited their passion, concern, and support for the people who are suffering in Libya. There was also a round-table discussion to help distribute more facts to students who were interested and wanted to speak more on the subject.

Libyan students, faculty, and members of the community protest the way in which the Qaddafi regime has been treating the opposition as well as the people in general.

Due to the Egyptian protests against President Musharraf, a student discussion was held to see the role of the US in such disputes.

International Events

Whether at a graduate or undergraduate level, it is hard to deny that this school has an extremely powerful international student presence. Many of these different national groups coalesce into different cultural organizations to represent their nationalities and to support new students in this country.

Other than the newly formed Celebration of Nations, these organizations have found ways to create events that celebrate and showcase their culture. Some are large single-nation events that are annual and well-established such as the Indian Diwali Night, Chinese Spring Festival, Saudi Night, and African Gala. Usually these will consist of skits, dances, music, and ethnic cuisine.

Others are simply one-time occurrences such as the Kuwaitis celebrating the 60th anniversary of their country's independence.

And every March, all of the groups get together and organize International Students' Day, where there are exhibitions from different countries, followed by performances, and delicious food.

103rd Best Ever St. Pats

Like the 102 previous times since its inception, the 103rd annual Best Ever St. Pats celebration brought the campus to levels of extreme revelry.

In this case, the theme was that of video games, which was shown in the floats and other motifs that abounded.

Breezy Anderson was named 2011 Queen of Love and Beauty. Her maids were Sara Ren, Princess of Peace and Happiness; April Pummill, the Countess of Chastity and Virtue; Erica Bay, the Duchess of Desire and Ecstasy; and Courtney St. Peters, the Lady of Honor and Devotion.

Reel Big Fish was the keynote band for the St. Pats Concert, with several other bands opening..

Miner Mayhem

In the spring of 2010, extenuating circumstances forced the SUB-run St. Pats' concert, which has been known for attracting big-name bands to Rolla, to move its schedule and rename itself Miner Mayhem. The leading band for the 2011 concert was Three Days Grace, an alternative rock band from Canada. Other bands were My Darkest Days and Shaman's Harvest, a local band from Jefferson City.

University Choir Concert

Choirs tend to be a staple of schools from the k-12 level, all the way to higher education. The Missouri S&T University and Chamber Choirs are no different. They do things ranging from simple entertainment for events on campus, all the way to hosting concerts. In the case of the Chamber, this takes the form of formal certs that span different genres.

Editor's Note

Dear Missouri S&T Students,

It is my pleasure to present to you the Rollamo yearbook. This is my first semester as the Editor in Chief and although the transition was a little rough at times, I am proud to have had a supportive staff to help bring me up to speed on the process. This year we experimented with new methods and layouts in order to better implement some of the suggestions students have recommended.

Our goal on the yearbook staff is to produce a book that you can look at years later and instantly remember your time here at Missouri S&T. In the future, I look forward to giving you more of a presence in the production of the yearbook using more modern methods at our disposal. If you have any ideas, suggestions, or additions you would like to see in next years book, please email us at rollamo@mst.edu.

I would like to thank everyone over this past year who worked with us when it came to scheduling photos, finding images, meeting deadlines, and anything else. Special thanks to those who donated pictures to the book and to Robin Adey for taking senior pictures. Thank you to all and I look forward to working with all of you on next years book!

Sincerely,

Christopher Sample
